

1099 Payment Disbursement & Filing Service

Over the years, we have received numerous requests from clients asking for assistance with processing payments made to their independent contractors (non-employees receiving 1099 payments for services rendered).

We are pleased to announce that eESI will now be offering this service in order to make our clients' payment, processing and administrative reporting easier.

Here's how the service will work:

- Simply submit the contractor payments to be disbursed to eESI via the eESI Client Portal and eESI will remit payment directly to the independent contractors
- eESI will generate Form 1099-MISC for each of the independent contractors
- eESI will file Forms 1099-MISC and 1096 with the IRS on the client's behalf

It's just that easy!

Clients will also have access to payment history in the Client Portal.

- *It is recommended that clients start this service at the beginning of the new tax year in order for eESI to track and capture all payments made.*

For additional information on this service and pricing, please contact:

- *your business development manager, or*
- *sales@eESIpeo.com*

We are excited to introduce this new valued service and look forward to sharing with you how we can get it started quickly and easily.
